**Purpose:**

The “Junior Hornet” Basketball Camp is designed to begin the development of our future Valley Center High School players at an early age, and to make sure the campers have a great deal of FUN as they learn. Players will be introduced to many of the same basketball fundamentals that will be essential at the high school level. Developing a sense of continuity and familiarity for our future players is a key part of building a winning high school program over time. We will also maintain a positive and enthusiastic environment throughout camp, trying our best to assure that each camper has a positive experience. We hope that this camp will be a key part of developing great high school players and building championship basketball programs here in Valley Center.
